The Government consolidated the services of the existing four SMEs centres to provide "four-in-one" integrated services, so that SMEs can obtain the necessary information on all funding schemes at any service point.

To tide over the challenging economic environment, the Government also announced various measures to support enterprises, especially SMEs, and continued to provide different types of funding support to SMEs.

The representative of Trade and Industry Department and "SME ReachOut" team would present on the "four-in-one" integrated services of SME Centres and the overview of the Government funding schemes respectively in this seminar. "SME ReachOut" has commenced operation on 1 Jan 2020 to help SMEs identify suitable funding schemes and answer questions relating to applications.
