To strengthen support for enterprises facing operational difficulties amid the COVID-19 outbreak, the Hong Kong Export Credit Insurance Corporation (HKECIC) has implemented a new round of enhanced measures to strengthen support for policyholders, in particular the Small Business Policy (SBP) holders, so as to provide greater protection to small and medium-sized exporters. The new measures include, among others, providing free pre-shipment cover on approved buyers for SBP holders, increasing the credit limits of all buyers for SBP holders, and extending the premium payment period for SBP holders for one month. In this seminar, representative from the HKECIC will explain in details the latest round of measures and answer some frequently asked questions.
