With the rising uncertainties in the prospect of global economy amid the pandemic, enterprises are facing various trade risks and operating pressure. Governments in different places has therefore adopted special measures to deal with contractual disputes over accounts receivable. In this webinar, expert will explain the impact of the pandemic on overseas accounts receivable with real cases, including increase in time and cost of exporting goods. Speakers will also share how to manage accounts receivable effectively and reduce the risk amidst the pandemic, points-to-note and answer some frequently asked questions, with a view to helping SMEs master the skills of managing oversea accounts receivable.
