Environmental, Social and Governance (ESG) have become important indicators adopted worldwide for measuring enterprises' performances in their business operations. In this seminar, an expert is invited to provide an overview on the United Nations' 17 Sustainable Development Goals (SDGs) and SMEs sustainable development planning. The expert will also share how SMEs can develop greenhouse gas inventory, as well as case studies of "Towards Net Zero Event", with a view to assisting SMEs in introducing ESG operation concepts effectively and capitalising on the opportunities presented by the prevailing ESG trends.

This seminar is one of the seminars under the SME Service Centres' "4-in-1" Seminar Series. For details, please press [here](#).
